## Configuring Mail In Netscape Navigator

## Configuring Mail in Netscape Navigator

The following instructions will assist you in configuring e-mail in Netscape Navigator. All information required to set up your e-mail account can be found in your **PAETEC Customer Setup Information sheet**. Please note: Netscape Navigator will only support one e-mail account. In order to set up two accounts you will need obtain a second e-mail program.

- 1 Open Netscape Navigator
- 2 On the menu bar click **Options** and then click **Mail and News Preferences**
- 3 Click the **Servers** tab
- 4 In the **Outgoing Mail (SMTP) Server** field enter **relay.fast.net**
- 5 In the **Incoming Mail (POP3) Sever** field enter **pop.fast.net**
- 6 In the **POP3 User Name** field enter the username for the account you are setting up, Example: johnsmith. Your e-mail usernames and passwords can be found under the **E-mail Logins** section of your **PAETEC Customer Setup Information Sheet**.
- 7 Click the **Identity** tab
- 8 In the **Your Name** field enter your name, Example: John Smith.
- 9 In the **Your E-mail** field enter your e-mail address, Example: johnsmith@fast.net
- 10 In the **Reply-to Address** field enter your reply-to address, Example: johnsmith@fast.net
- 11 Click on **OK**

Congratulations! You have successfully configured your e-mail account in Netscape Navigator. If you need any assistance, please contact PAETEC's Customer Care Department at 877.315.3278. Customer Support is available 24 hours 7 days a week.
